ITC is pleased to announce that the dock project is in its final stages.

The plan is to close the #7 or #8 dock Monday through Thursday through the end of September.

The exception will be the week of September 6 – 12, when one dock will be closed

Tuesday through Friday. The #7 and #8 docks are the only docks affected in this final stage of this project.

ITC would like to once again thank you for your patience and understanding during the maintenance project.
