Barge docks 9, 10, 11, and 12 have been evaluated and are now open. More engineering evaluation is required on ship docks 7 and 8, which should be completed tomorrow morning. We will provide you an update upon completion of the engineering evaluation tomorrow morning.

At this time our phone system is still down and AT&T technicians are working on the problem.

Thank you for your patience during this time.

Please call or email if you have further questions.

Best regards,
John Everett
